AN IMPORTANT DISCOVERY OR Rheummints, Fenceurets, Whileworthings.

Inflammation in the eyes, Burns, Swelled Throat in Southt Ferry, Quinty, &c. TO THE PUBLIC.

To taken it may concern.-This may certify has I. Busses Durk, the proprietor of B. Dean's Chemical Plaster, have for more than two years been in a delicate state of health, so that I have been unable to proper and circulate said suffering community demands; and feeling that so valuable an article ought to be made known to the afflicted. I have made arrangements with H. Harris & Co., of Ashtabula, Ohio, to manufacture and wend it in my name as my sole successors, This, therefore, may be relied on as the genoine article herotofore prepared by me. As witness my hand. ERASTUS DEAN, Westfield, Chratauque co., N. Y., Jan. 1, 1439

The Chamical Plaster is an important cemedy a all those who are afflicted with inflammatory complaints by its coming pain, counteracting in flamation, and giving speedy relief, by its active, trengthening and sudoritic properties. An efetual remedy for inflammatory rheumst n the breast, cramp, burns, bruises, scrofula, of ores, alcers of almost every description, cankered end swelled throat arising from scarlet fever, telone, white swellings, chilblains, &c. -- Persons affering from liver complaints, palmonary diseas a, inflammation of the lungs, with pains in the ide and breast, pain and weakness in the back, will find relief. TESTIMONIALS.

Paus Liver, Pa., April 7. Messne, Harris & Co .- Sirs: Since I vive a our store in July last, I have used 17. Dean's Chemical Plaster, which I have received from you at different times, and feel mysch in duty bound to you so proprietors, and to the publish generally, to recommend the same as a sale and efficacious remedy for those complaints for which it is recommended. There used it is several cases of inflamed eyes, in some of which its effects as a curative have been decided, and in no case has it failed of giving relief where it has been applied according to directions, and all who have used it which he will sell low for eash. Among his are perfectly satisfied with it so far as I know. I have also applied it in some severe cases of ague in the breast with the happiest effects,

I would also relate the case of Mr. Thomas Logan, who has been afflicted with the rheumatism in one hip for thirteen years, so that he had been compelled to abundon labor, in a great measure. I let him have a box of the Plaster, he applied it, and for three days found, as he suposed, no benefit, but after that he perceived that His Store is on the North East Corner of Canal the pain was not so severe, and in less than two and Columbus streets, at the sign of the golden weeks he could labor hard all day and rest from from pain at night. He says he would not part with the box he has for three hundred delfans, providing he could not obtain another. He also says to me, keep it on hand and recommend it wherever you go.

I have used the Plaster in cases of pains in the side, back, shoulders, &c. with like good effect. Yours, &c. DANIEL KNEELAND, M.D.

Moznoz, June 18, 1839. Measts, Harris & Co .- Sirs: I have used E. Deatr's Chemical Plaster for four year past and do cheerfully recommend it to physicians and the public generally as an invaluable remedy in chronic and acute rheumatism, sprains of the wrist ankle, shoulder, &c. In felons, whitlow and scrofulous swellings of all descriptions, it is generally an effectual remody. In short, whereever there is pain, it is almost sure to give relief in a few hours. I have used it in a great number of rheumatic affections. One of my patients aged 40, full habit, had a rheumatic swelling on one leg. He had been unable to get out of the house for three months; his leg was swelled to an enormous size, twice its usual biguess; every thing had been done without success, until we commenced using Dean's Chemical Plaster. We enveloped the knee and a portion of the limb in the Plaster, and in three days the swelling entirely disappeared, and in ten days he went about his ordinary business. Such has been our success with the article, and we now willingly recommend it to the public for a trial.
